Dear Janouchova Lenka

Hi how is you and your family? hope you are okay. To me and my family are doing very well.

Am very grateful to thank you for the support you have been supporting my family. Now I have swigted from Athi River to Kitui where I have a big job and I have employed two workers to help me peel the potatoes to make chips.

Surely this is because of your support that has taken me that far. Its my request to ask you instead of Beatrice you take another kid from the Athi River group. Wheredy I request you to replace Beatrice with Anne Mwikali, this kid has reached the year going to school but still she is at home and its touched me alot to see this innocent kid begging our neighbours, food, drink and also naked and bare foot always her mother depending on relatives who laughs at her in return.

Please I beg you under humanitarian grounds to assist this kid because I know you are a good person who feels mercy for needy children. Because now im very stable I can support my children (two) in feeding, education and also clothing.

I would be very happy to see

Someone getting a Sullord for his or  
her kid because I remember that day  
Beatrice got Sullord and also the time  
you Sullorded me with my business. Surely  
it's only God who can repay you back.

Please help Anne and I will be happy  
to her that this kid is going to school  
like Beatrice and her sister Ruth.

Thank you as you prepare to  
replace Beatrice with Anne.

Yours friendly,

Zinnia - Mother to Beatrice Muri
